

POSTGRADUATE STUDENT SATISFACTION REPORT OUTLINE

1. A survey response rate for the programme (also in historical terms and in relation to the average for Nicolaus Copernicus University)
2. Average rating in relation to sections 2-4 in the questionnaire (aggregated postgraduate student satisfaction index) and its individual sections (from section 2: "Organization of postgraduate studies" to section 4 "Teaching classes") (also in historical terms and in relation to the average for NCU)
3. Information on the status of implementation of the recommendations declared in the previous report (what was successful and what was not)
4. Characteristics of the postgraduate studies and functioning of NCU that are appreciated by postgraduate students and current problems requiring corrective actions (based on positive and negative comments from postgraduate students)
5. Recommendations for changes in postgraduate study programmes
6. Recommended improvement actions
7. Key parameters for evaluating postgraduate student satisfaction

No.	KEY PARAMETERS FOR EVALUATING POSTGRADUATE STUDENT SATISFACTION	PROGRAMME DATA
1	Survey response rate for the programme: value in % - percentage of respondents	
2	Survey response rate for the programme: percentage change compared to the previous measurement - increase/no change/decrease	
3	Survey response rate for the programme in relation to NCU - above/same/below	
4	Survey response rate for the programme in relation to the desired value: X (2024) - above/same/below	
5	Average rating for the programme: value - average rating	
6	Average rating for the programme: percentage change from the previous measurement - increase/no change/decrease	
7	Average rating for the programme in relation to NCU - above/same/below	
8	Average rating for the programme in relation to the desired value: X (2024) - above/same/below
